**BEFORE
YOU BEGIN**

PREPARE NAILS FOLLOWING OPI GELCOLOR
PREP BY HAND OR PREP BY E-FILE STEP BY STEP.

STEP BY STEPS

1

Shake Stay Strong or Stay Classic Base Coat, GelColor shade of choice and Stay Matte Top Coat vigorously for 1 minute to thoroughly mix before application.

2

Apply 1 thin coat of Stay Strong or Stay Classic Base Coat. Leave a tiny margin around the cuticle area. Cap the free edge to prevent shrinking. Cure for 30 seconds in the OPI LED Light.

3

Apply a thin coat of GelColor leaving a tiny margin around the cuticle area. Cap the free edge to prevent shrinking. Cure for 30 seconds in the OPI LED Light.

6

Remove the gel residue with a Nail Wipe saturated with N.A.S. 99 Cleansing Solution. Finish by applying a drop of ProSpa Nail & Cuticle Oil and massage in.

4

Apply a second, thin coat of GelColor leaving a tiny margin around the cuticle area. Cap the free edge to prevent shrinking. Cure for 30 seconds in the OPI LED Light.

7

Finished look.

5

Apply a thin coat of Stay Matte Top Coat leaving a tiny margin around the cuticle line. Cap the free edge to prevent shrinking. Cure for 30 seconds in the OPI LED Light.
